Altitude profile

Description

The Heutralrunde can be done uphill with muscle power or by train! From Waidring you cycle on side roads towards the Strub pass, pass the border to Salzburg, roll down to Lofer, where you turn left into the beautiful Heutal valley! After a few kilometres of cycling through the forest you reach the Möseralm mountain area and the Steinplatte mountain station! (alternatively in the other direction with bike transport by train - if you can take your bike with you!)
