## Description

The tour to Sintersbach waterfall starts from Schradlern car park. Along the path and the scenic valley you can literally feel the force of the water. The hike to the impressive natural jewel - where the cool alpine waters drop more than 85 m into the bowls, takes about an hour and then the route continues to the Jochberger Wildalm mountain hut. After a little refreshment, the hike leads through alpine meadows and along the Drachensteig trail back to the starting point.
